### What is the budget for the gift?

Please purchase a gift that cost **as close to \$50 as possible**. This is to ensure that all children receive gifts of similar values.

### What are the Dos and Don'ts that I need to take note of?

To ensure that all children have the most wonderful experience receiving their gifts, it is important for you to take note of the following dos and don'ts carefully. This list is not just a suggestion and should be adhered to closely:

#### Dos:

- Only give brand new items with intact packaging.
- Ensure that all gifts are age appropriate.
- Strictly no religious items, messages, or references which are associated with any religion.
- Choose items of neutral colours such as black, blue, green, and white.

#### Don'ts:

- No pre-loved (second hand) items.
- No items that have turned yellowish / been kept in storage for a long time, even if they are unused.
- No food and other perishable items.
- Don't purchase stationery or school-related items such as school bags, assessment books, or textbooks. We will be providing these items to the children separately.
- No clothing and shoes due to sizing issues.
- Don't purchase large, bulky, and heavy items to facilitate smooth delivery. We are also mindful of space constraint at the children's homes.
